Accessories

Turn your Frames sink into a multi-function work station with the addition of clever accessories that combine function and technology. From items that aid a hygienic kitchen, to those that make preparation a joy, you'll find accessories to surprise and delight, including the lightboard which fits exactly over the bowl of the sink, acting as an ambient cover - and it also proves its worth for everyday kitchen use as scales, a chopping board or a serving platter.

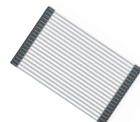

Lightboard: FSLGTBK £263

FRAGRANITE INSET SINKS TREATED WITH SANITIZED® AND TECTONITE

Durable, versatile Fraganite offers a host of practical and aesthetic benefits. The surface's rich colour will not stain, mark or fade over time. Plus being heat, impact and scratch resistant, it's perfect for busy family homes. What's more Fraganite's Sanitized® coating reduces bacteria and microbe growth by 99%, helping keep your sink hygienic and clean.

Similarly, Tectonite sinks have a unique texture and granite-like appearance and are available in a range of colours. Heat resistant up to 300°C, Tectonite's coated surface is protected against stains and bacteria.

Contains biocidal substance: silver phosphate glass. The silver ion locates the bacteria via the moisture and deactivates it.

CERAMIC INSET SINKS

Ceramic sinks combine beautifully with a variety of work surfaces such as wood, glass and granite. It's no wonder they have been a popular choice for years and their smooth, impervious surface is resistant to all standard household chemicals, making it perfect for modern, hardworking kitchens. It's a durable choice that stands up to heat, staining and impact with ease; so there's much more to ceramic than silky smooth good looks.

STAINLESS STEEL UNDERMOUNT SINKS

It's your kitchen, so why should you compromise on style or performance? Stainless steel undermounts are particularly easy to clean and exceptionally durable, so luckily you don't have to.

They give a flawless, uninterrupted look to your kitchen and for solid work surfaces such as granite and wood, a stainless steel undermount sink clips directly underneath the surface to provide a work area that is practical and hygienic. These sinks not only look beautiful, but are resistant to staining, chipping, rust and corrosion. With a long history as the world's premium brand in kitchen sinks, you can be confident that you are buying a quality product with premium features. In fact, we are so confident about the quality of manufacture that we offer a 50-year guarantee on all Franke sinks.

CERAMIC, FRAGRANITE & TECTONITE UNDERMOUNT SINKS

Wonderful spaces should simply flow. With undermount sinks, there is nothing to break the smooth flow of your solid granite or wood worksurface. A granite undermount sink provides a subtle complement to your kitchen design.

Alternatively, create a bold contrast to granite surfaces with the striking look of a ceramic sink or add a splash of colour with hard, durable Tectonite. Either option represents a hardwearing choice that turns a kitchen into a work area that's a pleasure to be in.

INSTANT BOILING WATER TAPS - THE ULTIMATE KITCHEN COMPANION

With kitchen design playing a key role in home improvement, the future of the kitchen has arrived with the introduction of instant boiling water taps. Franke Boiling Water taps offer hot, cold and instant 100°C boiling water to save time, energy and water in a single stylish, convenient and space-saving unit.

You can now cook vegetables, create pasta dishes, sterilise babies bottles and make tea or coffee quicker than ever before with 100°C boiling water available instantly. Most 'boiling' tap systems only produce less than 98°C so hot drinks don't taste as good as they should.

The Franke instant boiling water taps deliver fully boiling 100°C water instantly for the perfect cuppa.

The Minerva 4-in-1 Electronic now features our new M-Box

For a faster, flawless installation our popular Minerva 4-in-1 taps now feature the new Franke M-Box. Incorporating a Franke Pro M filter, inlet combination, mixing valve set, gasket set and control box in a single unit, the M-Box tidies pipework and allows for horizontal or vertical installation in as little as 20 minutes.

OMNI 4-IN-1 RANGE

Omni 4-in-1 delivers not only hot and cold mains water but also cold and 100°C boiling filtered water. Omni delivers beautifully pure, fresh tasting water, so there's no need for expensive bottled water. Omni is easy to fit in new or existing kitchens, safe to use and ultra reliable with a 3-year warranty.

MINERVA 3-IN-1 RANGE

The Minerva 3-in-1 tap provides hot, cold and 100°C boiling water. The humble kitchen tap is transformed into a space-saving, time-saving helper with this boiling water tap and there are 4 stylish designs to choose from.

Safety is assured with a two-step safety handle, while the fully insulated spout and handle ensure that they both stay cool to the touch. The Minerva system features a space-saving water tank that fits discreetly into your kitchen so that boiling water is always ready when you need it.

Discreet and suitable for almost any kitchen, the horizontal heating tank sits neatly behind a standard 150mm cabinet plinth, freeing up much-needed cupboard space. Those who have chosen Minerva in their kitchen have found it not only provides a stylish and functional addition to their home, but is also a real talking point.

With its 5-phase filter technology, the GROHE Blue filter purifies your tap water, giving it a fresh refined taste. As water passes through the filter, undesirable substances such as chlorine that could cause odor or affect its taste are removed. The fine particulate filter retains even the tiniest particles, leaving nothing but pure water with a great fresh taste. The filter also extracts heavy metals and reduces the lime content of the water significantly. Changing the water filter is quick and hassle-free, ensuring a reliable supply of fresh, lime-free water straight from your tap.

Zip HydroTap All-in-One Celsius Arc The ultimate in functionality

The HydroTap All-in-One Celsius Arc offers an unbeatable five different water types from one stunning tap and just one under-counter unit. Filtered boiling, chilled and sparkling as well as unfiltered hot and cold water provides the ultimate in convenience and luxury and with a choice of finishes there is a tap to suit every interior.

Zip HydroTap | Pure tasting | Instant | Boiling | Chilled | Sparkling

The world's most advanced drinking water system

Zip. It's water refreshed

Five water options, one stunning design

Offering the absolute best in both style and substance, the revolutionary HydroTap All-in-One Celsius Arc delivers all five water types in one stylish design. That's filtered boiling, chilled and sparkling water, plus unfiltered hot and cold water, from just one, beautifully designed tap and one under-counter unit.

Sitting at the very top of Zip's HydroTap range, this new innovation has been created specifically for the home. Eliminating the need for an additional mixer tap, kettle and bottles of still and carbonated water, it works to de-clutter the kitchen sink area and free up much needed storage and fridge space. And, even better, it's available in all 12 of Zip's finishes, offering interior enthusiasts serious design scope.

HydroTap Celsius, pure versatility

Beautiful and functional, our HydroTap Celsius mixer tap is perfect for those who appreciate versatility at its best. Able to adapt to a multitude of kitchen activities, the dual-function HydroTap Celsius offers you hot and cold water from your mains water feed, as well as the choice of either filtered boiling, filtered chilled or filtered chilled and sparkling water. And it's all available in an instant from just one over-the-sink tap. So, whether you're filling a sink of washing up, a cafetiere of coffee, or a glass of cool, crisp drinking water, the choice is at your fingertips.

Available in the classic Arc or contemporary Cube design, this one-spout-does-it-all tap not only delivers on performance, but also looks at home in any design-led kitchen.

The HydroTap Base Model

The new HydroTap Base Model has all the style, function and convenience you'd expect from Zip, for those with a more modest budget.

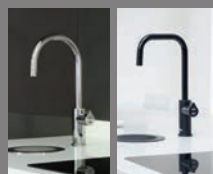

Providing instant filtered boiling and ambient water at the touch of a button, the tap is available in a range of on-trend styles and colours to suit any kitchen design. Your customers will benefit from scale filtration that's five times better than a standard water filter jug, improving the taste and odour of the water they drink. (HydroTap Base Model includes scale filter worth £199.99.)

The HydroTap Base Model Celsius

As part of the new range, the HydroTap Base Model Celsius 3-in-1 offers filtered boiling water, as well as unfiltered hot and cold water from one tap – eliminating the need for an additional mixer tap for washing up.

FRANKE WASTE SORTER UNITS

Fitting neatly into most standard cabinets Franke Waste Sorters feature separate plastic containers to sort domestic waste into different categories such as food, cans, plastic and paper. A lid closes over the bins to contain any odours. Franke Waste Sorters are the convenient alternative to the conventional waste bin.

Standard door systems

The Franke 300 Series Sorter Systems are a useful addition to any kitchen with standard doors, fitting neatly into 450mm and 600mm kitchen base units. Each bin has a handle that can also be used to secure waste bags. The roll-out carrier is fully waterproof, simple to dismantle and easy to clean.

PYROLYTIC OVEN

The C2401 & C2401GM Pyrolytic technology works by heating the oven to 475°C, causing even hidden-away & baked-on grime to carbonise into a fine ash. It saves you vast amounts of elbow grease, & actually improves oven efficiency over time too.

MOTIONHEAT+

This function evenly distributes hot air around the oven cavity. It reaches the desired temperature rapidly & there is no need to preheat, saving time & energy. Perfect for multi-level cooking without the transfer of smells or flavours & you can achieve even results.

Luxury vinyl flooring

The smart design of Malmo™ luxury vinyl flooring brings beauty and elegance as well as wear resistance and functionality to any space. Malmo™ vinyl flooring is hardwearing and durable, with an embossed surface creating the authentic look and feel of wood. It is resistant to indentations and will not chip or crack and is easy to maintain too.

The range offers wooden plank in two widths, and a tile effects, with a colour palette that includes classic oak through to on-trend greys and travertine - all in a contemporary matt finish. This competitively priced collection offers a high performing flooring option that is suitable for a wide variety of domestic applications. Quality is always guaranteed as Malmo™ comes with a warranty of 15 years for residential applications.

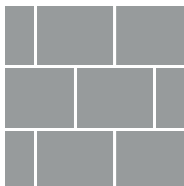

Rigid

Easy fitting and smart styling combine with hardwearing performance and a whole host of clever features to make our Rigid vinyl flooring a real favourite with Consumers. With three great looks to choose from, our Rigid ranges make stunning style easy to achieve.

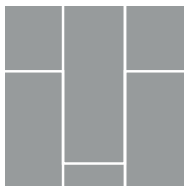

Rigid flooring comes with a 1mm underlay built in, saving time and cost compared to having to buy and install it separately - plus click installation, the ultimate in convenience.

Tile

Cool looking but comfortable under the foot - and incredibly easy and cost effective to fit, compared to traditional tiling. Enjoy all of the looks, with none of the fuss.

Wide Plank

With more space to show off the lovely features and variants which occur naturally in real wood, our 220mm Wide Planks give any room a fabulous floor.

Narrow Plank

Create the illusion of space in small or restricted areas with our Narrow Plank range available in a broad choice of colours.

Conditions of sale

1. General

All orders placed with Sinks & Things LTD ("the Sellers") are subject to the terms and conditions printed below. No modification or variation to these terms and conditions and no other terms and conditions shall be valid or effective and in particular (but without prejudice to the generality of the foregoing) no modification or variations to these terms and conditions shall apply merely by the acknowledgement or acceptance by the Sellers of any purchaser order containing terms and conditions unless such modifications or variations and other terms and conditions are expressly accepted in writing by a Director of the Sellers.

Any subsequent orders placed with the Sellers shall be deemed to be placed subject to these terms and conditions unless expressly agreed otherwise in writing by a Director of the Sellers.

2. Information

The Buyer shall furnish the Sellers with any information necessary for the performance of any order in due time to enable the Sellers to perform the order.

3. Ordering Procedures

All orders are accepted on the understanding that they are invoiced at the price current at the time of ordering.

- (a) All orders for delivery MUST be received in our Office before 2.30 p.m. preceding delivery date.
- (b) All telephoned orders should be confirmed in writing - clearly marked CONFIRMATION - thus avoiding confusion and the possibility of incurring handling charges.

4. Delivery

- (a) Any times stated for delivery are a bone-fide estimate only and whilst the Sellers will use all reasonable endeavours to meet any such times stated for delivery they shall not be liable for any delay in delivery howsoever caused.
- (b) The Sellers shall be entitled to withhold delivery of any goods to the Buyer where at the time delivery is due, payment is due to the Sellers in respect of any other goods or services supplied to the Buyer under any contract whatsoever.
- (c) Except when specified otherwise, the goods will be delivered "free of charge" to the delivery address given with the Buyer's order and whose signature shall be given by way of acknowledgement of receipt of the goods. The Company shall be obliged only to accept the signature of an apparently authorized person whereupon the goods will become the Buyers responsibility.
- (d) The Company cannot permit goods to be left at the delivery address otherwise than in exchange for a signed receipt, nor can such a receipt be qualified in any way whatsoever other than to identify a missing item or by describing the damage to any item alleged to be found damaged on delivery.
- (e) Site delivery addresses will only be accepted in writing in advance or at the time of ordering. We will not accept verbal instructions for delivery other than to the account holders' addresses existing on file.
- (f) Orders for collection from our premises will only be accepted in writing and persons collecting must present identification and proof that they are authorised to collect such goods on behalf of the customer.
- (g) Deliveries made unless specifically otherwise agreed are TAILGATE ONLY i.e. It is the responsibility of the buyer to ensure able persons are on site to remove goods to a suitable location.

5. Delivery Charges

- (a) Trade delivery: Free delivery to nominated account Trade premises, subject to a minimum order value of £100.

Orders below this value may be subject to a post & packing surcharge at the appropriate rate.

- (b) Carrier delivery: Upon request and will be chargeable at the appropriate rate; Please contact our sales office team for further details.
- (c) Site/ Home delivery: Charged for Orders under £500 at a cost of £25 +vat
Please Note:

A Company representative must be present on site to receive your delivery. We reserve the right to impose a charge for aborted deliveries.

6. Short Delivery

The Sellers shall not be responsible for any short delivery unless details thereof are marked on the copy of the consignment note or delivery document signed by the Buyer.

7. Return of Goods

Request for uplift of goods must be made in writing within 4 weeks of delivery quoting original delivery note or invoice number. In no circumstances may goods supplied against an order be returned without the Buyer having first applied for and obtained the consent of the Company. Where such consent is given a handling charge of 20% may be deducted from any credit allowed.

8. Damage

Claims for non-visible damage only will be considered and must be notified to the company in writing within 48 hours of receipt of goods together with the fullest particulars of Delivery Note Number. No claims will be entertained for damages which would clearly have been visible at the time of receipt.

9. Taxes or Trading Restrictions

All prices shown are subject to:-

- (a) Current rate of V.A.T.
- (b) Any new, or changes in existing tax, rates of exchange, levy or surcharge.
- (c) The imposition of any further restriction on trading or Conditions which may arise in the future as a result of Government legislation.

10. Warranties & Guarantees

- (a) The Company gives no guarantees or warranties whether specific or implied as to fitness for the intended use of the goods, whether known or unknown, to the Company at the time of the Buyer placing the order other than to the extent of that provided by the Manufacturer.
- (b) Any complaints as to condition or quality relating to part only of an order will not affect the liability of the Buyer to make payment within the stipulated time in respect of the remainder of the consignment.

11. Credit Referencing

We may make searches about you at credit reference agencies in order to assess this application and periodically in the future. They will supply us with credit information and information from the Electoral Register. The agencies will record details of the search whether or not this application proceeds. The seller may at anytime reduce or withdraw your credit limit or bring forward your due date for payment.

12. Default

Should the Buyer fail punctually to comply with the agreed terms of payment all outstanding monies will become due for payment immediately. The Seller reserves the right to charge interest on any amount overdue in accordance with Law. The Seller shall also be entitled to recover any costs incurred in recovery of any overdue debt.

13. Title

We reserve the right of disposal of Goods supplied until they have been paid for in full, in that the property in the Goods shall remain with the Sellers until that condition has been met, during which period the Goods will be held by you as bailee for us. If, notwithstanding the foregoing and without prejudice to any claim which we may have against you in respect of the same, you shall sell any Goods before they have been paid for in full by you, such sales shall be deemed to be made by you as our Agent and for our account and the proceeds of such sale shall be held on our behalf until the price of the Goods and any interest thereon shall have been paid in full. If you shall fail to pay any money due to us in respect of Goods supplied by us we may, without prejudice to any other remedy, repossess - at your cost - the Goods, and any other Goods supplied to you by us, which have not been paid for in full by you, and for the purpose you are deemed hereby to give us and our duly authorised Agents permission to enter upon your premises under your control.

14. Governing Law and Jurisdiction

All contracts between the Sellers and the Buyers shall in all respects be governed by Law and all disputes which may arise out of or in connection with these conditions or any contract between the Sellers and the Buyers or any goods supplied or to be supplied under any contract shall be subject to the jurisdiction of the Courts.
